A simple guide for grown-ups

A few calm minutes of practice can be enough.

1

Trace first

Invite the child to follow each dotted letter slowly with a finger, then with a pencil.

2

Say the sound

Say the letter name and its sound. Read the three example words together.

3

Write independently

Use the empty boxes for free practice. Encourage effort rather than perfect results.

4

Find the letter

Ask the child to circle the target uppercase and lowercase letters in the mixed row.

Helpful tips

- Use a pencil, crayon, or erasable marker in a reusable sleeve.
- Stop before the child becomes tired or frustrated.
- Repeat favorite pages and celebrate progress at the child's own pace.

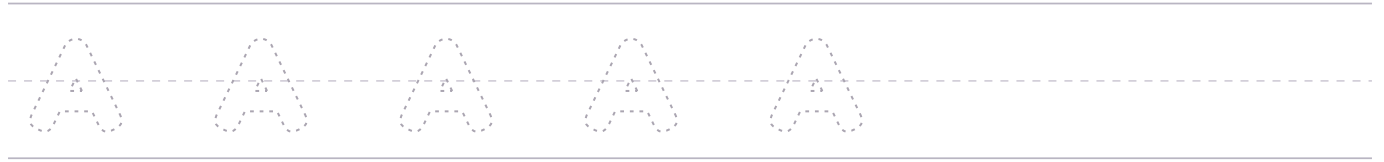

These worksheets support practice and do not replace professional educational advice.
